

**Creating a Multi-sensory Spiritual Garden in your school**

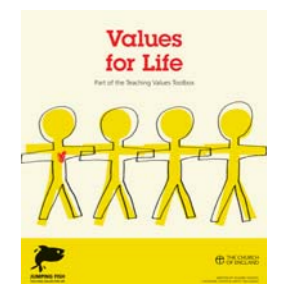

This new publication, researched and written by Shahne Vickery, offers a host of practical ideas and advice for schools to create a spiritual garden in their grounds. It includes several hundred high-quality photographs from school gardens throughout the UK as well as many fresh ideas for outdoor prayer and reflection activities. Each chapter focuses on one of the five senses and considers how planting, hard landscaping, art installations and wild life habitats can be used to foster children's spiritual development, encourage them to appreciate the peacefulness of natural surroundings and enjoy the space interactively.

### Christian Symbols

20 colour A4 size pictures of "special things that help Christians to worship" seen in and around Anglican churches. The photographs illustrate crosses, doves and fish, candles and chalice & paten sets. Each symbol is created from different materials. Suitable for KS1 and lower KS2.

Cost £12.00

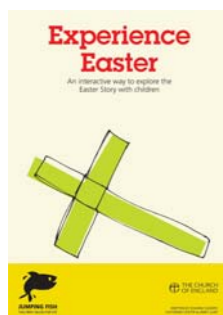

### Experience Festivals series

*An exciting way for churches to share the festival stories with children*

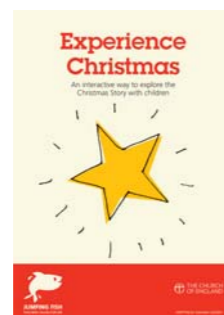

This is an imaginative approach to help children experience the Christian festivals through the year using, on each occasion, six easy to assemble, interactive stations set up in different parts of the church.

Classes from the local primary school will be invited by the clergy to visit the church where in small groups they will be guided by a leader from the school around each station. Using a similar format to Pause for Reflection, with which schools are already familiar, the pack gives detailed instructions to church members to enable them to create the stations. Also included are careful instructions to help the school group leaders introduce and reflect on each part of the story.

*The ideas offer a superb opportunity to strengthen church-school links.*
